I am a **final-year** Bachelor of Information Technology student at Murdoch University, double majoring in Computer Science and Artificial Intelligence. I am seeking an internship or part-time opportunity in **IT**, **Cloud Computing**, and **AI**, where I can apply my skills and contribute to meaningful projects. I am a highly motivated and passionate individual, with strong teamwork and collaboration skills, and a positive attitude in all professional interactions. I am eager to leverage my education and technical expertise to support the organisation's goals and growth.

PROJECT

Car Connect Dubai │ Website

- Built and launched a WordPress website hosted on Amazon EC2 to showcase a car showroom's inventory, ensuring scalability and easy content management.

Machine Learning Projects │ https://github.com/wadiqabaig

- **Abalone Age Prediction (LR & RF with XAI):** Predicted age categories (~89% accuracy) using Logistic Regression and Random Forest; explained decisions with SHAP & LIME.
- **Twitter Topic Modelling (NMF):** Analysed Squid Game Twitter data to uncover 8 topics using NMF on TF-IDF vectors; visualised results with heatmaps, topic maps, and word clouds.
